

Hello, Parents and Guardians!

We are excited to extend an invitation to your daughter, or the foster daughter in your care (who has been sexually abused), to join us at camp – free of charge!

For three very impactful days (October 8th – 10th 2021), Camp Cedar Illinois provides tons of fun and affirming activities for these young girls ages 7-12! A few of these activities include art therapy, music therapy, canoeing, making and flying kites, making a variety of crafts, skits, campfire chats, and “spa” treatment (hair and nails).

The Camp’s primary goal is to help these young girls regain their lost childhood while ultimately building their self-confidence and their self-worth. Most importantly, we want to help these girls see themselves as survivors rather than victims!

In this packet, please find the camper application as well as the most recent COVID policies and some additional information about Camp Cedar Illinois! In the Camper Application, you will find the packing list! Don’t worry if your camper forgets to pack something, we’ve got it covered!

We’ve made transportation as easy as possible. You will be able to drop your camper off at a designated location in either DeKalb or Elgin, where all the girls will be bussed to and from Camp Cedar! We will provide you with more specific details as camp dates approach!

Due to the limited spaces available, to guarantee there’s room for your camper, please respond as soon as possible by returning the information requested by mail or email! Once your application has been processed, we will send you the final details!

Covered in God's Grace,
Edith, Gwen and Daphne
